Profile Plastic Toilet Seat Hinge Set

Installation Instructions

1. Insert Bolt into Bolt Collar and slide into Hinge Base as illustrated.

NOTE: Once assembled into the Hinge Base the Bolt position can be adjusted backwards, forwards and sideways.

2. Place Rubber Pads over pan holes, flat side down. Lower seat onto pan, sliding Bolts through

Pan Holes, correctly locating Pads in base of Hinge Assembly. Check that the seat is correctly positioned on pan.

3. Slide Wing Nut onto bolt and firmly tighten Nut.

Always ensure work is carried out by a licensed plumber.
Warranty claims can only be made with proof of installation by a licensed plumber.
