Mayfair

Steel Shower Bath

Nominal Sizes:

915mm x 915mm x 285mm

A compact quality porcelain enamel on steel shower bath featuring a depth of 285mm for optimum versatility. Incorporates a pressed, slip resistant base pattern and is suitable for bathing children. The non-porous surface is resistant to scratching, household chemicals and will not absorb dirt, stains or germs. Ideal for installations with space limitations.

The **Mayfair** shower bath is available in one size:

915mm long x 915mm wide x 285mm deep – standard Code No.857560.

Durability: The shell is a seamless rigid steel pressing, a strong durable material that won't flex or bend so the shape is permanent with a non-porous, glass hard porcelain enamel finish which provides a hygienic, scratch and stain resistant surface.

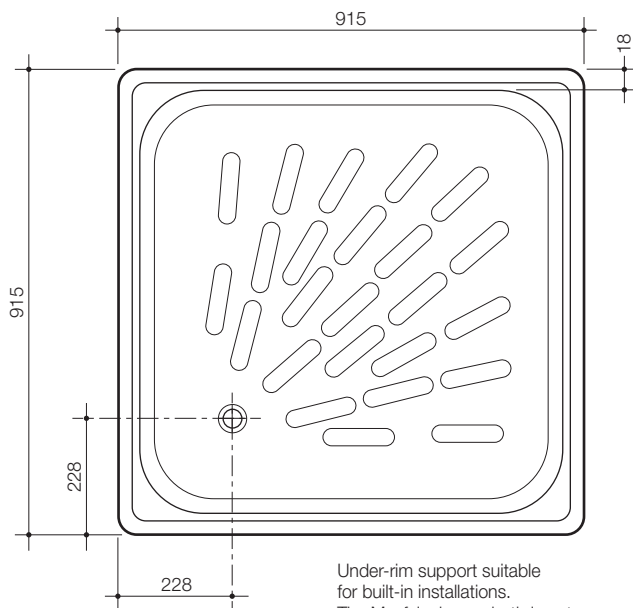

Waste Outlet: Waste outlet is suitable for 40mm diameter standard waste assembly.

Shower Bath Capacity: 200 Litres to rim, with overflow 135 litres.

Installation: The shower bath is suitable for built-in installations. The shower bath is self-supported around its rim. The support system may be timber, metal or brick. Refer to Sheet 9.17.1 for further installation information.

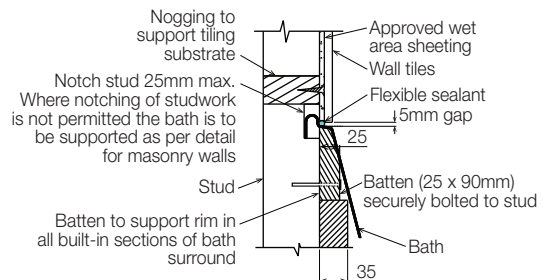

Colour: White only.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

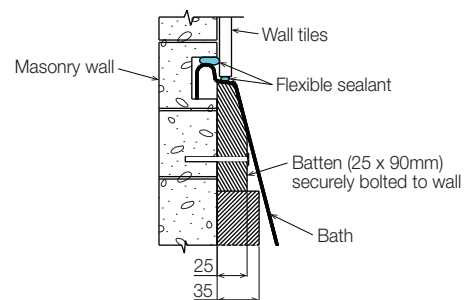

Under-rim support suitable for built-in installations. The Mayfair shower bath is not suitable for island installations
