

Medical II Wall Basin

A hygienic Type-A wall-hung scrub-up surgical basin designed for hospital and industrial clean-area applications. Its large bowl and splash guarding edge help ensure water is contained within the basin for improved safety. The basin features full GermGuard™ anti-microbial protection, a rear-positioned waste outlet to prevent the water column from impacting the waste, and the option for a tightly fitting shroud to conceal the basin trap. Together, these features provide a high level of infection control suitable for any medical facility.

Tap Holes: Basin available in: No tapholes Code No.814542W.

Material: Vitreous china.

Waste Outlet: The basin has been designed for the Caroma waste outlet suitable for a 40mm trap connection. Chrome grate waste and white plug supplied, Code No.687328C.

Traps: 40mm Caroma Plastic Short P-trap outlet centre Code No.102115.

Traps: 40mm Caroma Plastic Short P-trap outlet centre Code No.102115.

Shroud: **Optional Caroma Care Shroud**, Code No.873170W conceals P-trap waste pipe fittings; concealed fixing bracket supplied. 40mm Caroma Short Plastic P-trap is required for correct installation Code No.102115.

Note: It is essential for the installation of the shroud to the basin that clearance is provided for the shroud in the plumbing setout from water inlet pipes and connections.

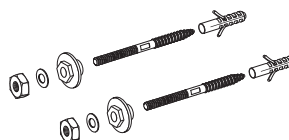

Bowl Capacity: 15.3 litres

Overflow: Overflow not available.

Fixing: D.200 Basin Fixing Kit – Supplied. Bolts directly to the finished wall.

Colours: White (W).
